1. The following table, allegedly extracted from an official document dated 22 March 1953, shows the planned exports of liquid fuels and chemicals for April 1953. This planning is now being carried out in the new Transport Referat in the State Administration for Material Procurement, H. V. Chemie. One (one) Regel, formerly with the ME Kraftstoffe und Mineraloel, is doing the planning for the export trade. All amounts are in metric tons.
